RESPONDENTS

-

ORDER:

Petitioners seek a writ of mandamus to declare the action of the respondents in interfering with civil disputes and harassing them by frequently calling them to the police station without there being any case registered, as illegal and arbitrary.

The vague and bald allegations made by the petitioners against the official respondents about the alleged interference in civil disputes by calling them to the police station without there being any case registered, are all denied in the counter filed by the respondents stating that neither the petitioners nor the unofficial respondents or any others have filed any reports and no case is pending and the petitioners were never called to the police station and never interfered in civil disputes. It is further stated that the petitioners are at liberty to approach the third respondent as and when threat arises to their lives and properties and the third respondent is always ready and willing to provide protection to protect their lives and properties.

In view of the averments made in the counter filed by the third respondent, no orders are required to be passed in the matter.

Accordingly, the writ petition is dismissed. No costs.
